41,000 SCHOOL CHILDREN

Among the 75,000 Depositors of the Institution, the Failure of Which Can Be Traced Directly to the Great Kuhn Failure in 1913—Bank Examiner is Temporary Receiver.

(Associated Press Telegram)
Pittsburgh, Dec. 22.—Christmas cheer in Pittsburgh was rudely shocked this morning when the Pittsburgh Bank for Savings, one of the best known institutions in the city failed to open for business. Tacked to the front door at nine o'clock was a notice which said that it had been closed by order of the Pennsylvania banking department, and C. H. Getty, bank examiner has been appointed temporary receiver.

No statement was issued with the closing notice but it was known in the financial district that the bank had been unable to weather the storms it has encountered since the failure of James S. Kuhn and W. S. Kuhn, who were credited with being prominently identified with the bank in 1913. A run at that time continued for several days, but strong interests went to its assistance and the doors were not closed. Recently it became known that the banking department was paying particular attention to the bank and an effort was being made to interest persons who had not hitherto been identified with the institution. Stockholders surrendered their holdings, and it was understood a month ago that the situation was much improved. The announcement this morning came as a distinct shock.

The Pittsburgh Bank for Savings was chartered in 1862 with a capital stock of \$300,000. In 1901, it absorbed the Real Estate Savings Bank and in 1908 the capitalization was increased to \$600,000 by a stock dividend from surplus. The officers were: President, W. J. Jones; vice-president, J. F. Grimes, and secretary-treasurer, A. N. Voegtly.

Depositors of the bank included many persons with savings accounts although the institution did a general business. Deposits on September 15th, 1915, were \$10,945,713, according to the report made to the banking commissioner. On the same date the surplus was reported at \$403,514. Hundreds of the depositors lived in the south side section of the city, although its business was widely scattered through Allegheny county and Western Pennsylvania.

It was stated that the bank had approximately 75,000 depositors, of whom fully 30,000 were persons living in other parts of the country, as the bank was among the first to take savings accounts by mail. Among the local depositors were many school children.

President Jones issued the following statement:

"After consultation with the state commissioners of banking it was decided to close the doors of the bank this morning. The failure of the bank was due entirely to the depreciation of some securities held by the bank in various corporations. Owing to the failure of J. S. and W. S. Kuhn, Inc. in 1913, there was a large depreciation in the market value of certain securities. It was hoped that these companies would soon be rehabilitated and the securities again attain their former value. Through the personal efforts of the president, half a million dollars has been added to the assets of the bank since July 7, 1913.

"After consultation with the clearinghouse committee yesterday afternoon it was thought best that a receiver be appointed in order to conserve all the assets for the depositors. The bank has a fine line of assets in addition to the securities mentioned and I believe that a fifty per cent dividend can be paid to depositors within sixty days."

After receiver Getty also issued a statement in which he declared that the depreciation in the Kuhn securities was the cause of the failure which could in no way be traced to the management.

The savings of some 41,000 school children are included in the bank deposits. By this plan school children would take their money to school on a certain day of each week and a collector for the bank would call at the various school buildings giving them credit on their books for the amount deposited. This practice was in effect for years and many thousands of dollars had been deposited by the children. It was said that scores of successful persons in the city who began saving in this way have continued their business relation with the institution ever since.

Fall from Building Fatal to Carl Stultz; Injury to Head Was Cause of Death

Carl Stultz, 32 years old, employed by J. S. Dudley, contractor, erecting a building for the Burke Golf company, suffered injuries late Tuesday in a fall from the new building, which resulted in his death early today at the City Hospital, where he was taken soon after the accident in the Bradley ambulance. His death probably was due to a blood clot, produced by an injury to his head. Besides this injury he suffered a fracture of both wrists and a fracture of the right arm at the elbow, besides numerous bruises about the face and body.

Mr. Stultz was working on the top of the building when in some

manner he lost his balance and fell to the ground, striking a scaffold erected about the building. This broke his fall, but not sufficiently to prevent fatal injuries.

The young man had been employed by Mr. Dudley about four weeks. He was at one time employed by the Newark Steam Laundry and was well known to many Newark people. He came to this city from Washington C. H. Stultz is survived by his wife, who is doubly afflicted at this time, her mother having recently undergone an operation in Mt. Carmel hospital, Columbus.

Funeral arrangements have not been completed.

CAPT. VON PAPEN LEFT TODAY FOR HOME IN GERMANY

(Associated Press Telegram)

New York, Dec. 22.—Captain Franz von Papen, Germany's recalled military attaché, left New York for Rotterdam today on the steamship Noordam, bearing a safe conduct to Germany from the entente allies. Departing, he issued this final statement to the American people: "In leaving this country where I have received so many proofs of kindness and hospitality from Americans and others I deem it my duty to thank all those who did not permit their friendly personal feelings to be poisoned by the hatred created by the war among the nations. 'My thoughts turn back today expressly to those unforgettable days when I had the honor and good fortune to spend some time with the expeditionary force at Vera Cruz, where I learned to admire the splendid soldierly quality, and devotion to duty of the United States army."

"Personally speaking no greater satisfaction would be given to me than the fulfillment of my ardent desire to be called home where soldiers are far more urgently needed than here."

"I leave my post without any feeling of bitterness, because I know too well that when history is once written it will establish our clean records despite all the misrepresentation and calumnies spread broadcast at present."

"The New York World, which certainly is not open to the suspicion of harboring friendly feeling for my country, states very fairly when discussing my recall 'now that the matter is settled the fact should be emphasized that the state department made no charges against Captain von Papen and Captain Boylston which reflected in slightest degree on their honor as officers. Certain newspapers have made reckless charges which could not be supported by evidence, but the United States government never intimated that it believed these charges to be true.'"

"To this I have nothing to add. After all this war will not be won by the Providence Journal and the Evening Telegram with their hypochondriacal supporters. It will be decided by the success of the invincible German arms. I go home with the unshakable conviction that no efforts, however insistent they may be, will

accomplish the fervent desire of our enemy to embroil our country with this great nation. Our neutral relations will and must, on the contrary, inevitably and gradually improve as it becomes clear to every intelligent and clear minded American that Germany is engaged in a fully justifiable and heroic fight for existence and the very life of the nation."

Although Captain Von Papen declined to answer any of the questions reporters asked of him after he had handed out his formal statement in saying good-bye to a German friend, he said:

"I am glad of the opportunity to go to the trenches for my country."

"I wish to assure all that I feel most grateful to the great number of German-Americans in this country for their support and sympathy."

"I have been charged with lots of things, but when this war is over you will see that everything will come out all right, I am sure. I have been here for my country and I have tried to serve it, but I have not done anything against diplomatic courtesy, and I leave here feeling grateful that I can at least be among the real active in the trenches."

The captain was accompanied to the pier at Hoboken, by a few friends with whom he chatted while his baggage was being examined. The baggage was put in a baggage going aboard ship was put in a baggage car for the first time today by the Holland-American line. Officials of the line declined to give any specific reasons for it.

EXECUTE MEMBERS OF ROBBER BAND AT MEXICO CITY

Galveston, Texas, Dec. 22.—Six members of the robber band recently captured in Mexico City, were executed this morning, according to a message received by Juan T. Burns, Mexican consul here. Four others condemned to death were given a respite at the last moment. Five women arrested with the band have been given long prison terms, the message says. The robbers had been able to avoid capture for some time by means of forged documents which made the police believe they were army officers.

DIVIDEND FOR THE PENNSY IS DECLARED TODAY

Philadelphia, Dec. 22.—The directors of the Pennsylvania Company, who operate the Pennsylvania Lines West of Pittsburgh, today declared a semi-annual dividend of four per cent. This compares with two per cent paid six months ago, making a total of six per cent for the year. In 1914, the company paid a total of four per cent.

A HEAVY BORDER GUARD

Is On Duty to Protect American Interests—Arrival of Villa Troops at Juarez Revives Report That Arrangement to Surrender Has Fallen Through—Location of Villa Not Known

(Associated Press Telegram)
Washington, Dec. 22.—American troops at El Paso, the war department announced today have been given orders to "Return Vigorously any Further Deliberate Firing" from the Mexican side of the border.

General Pershing, in command at El Paso has reported that the firing which resulted late yesterday in the death of an American car inspector was the deliberate act of a squad of Mexicans who appeared half a mile east of the international bridge.

American troops, the report added, were covering the whole river front.

During the rioting in Juarez, the report said, there had been little firing and none towards the American side.

General Avila, who was in charge of the troops in Juarez, ordered several of the rioters shot, according to military reports from the border.

Nothing further of the reported troop movement against Juarez had been received here early this morning. Considerable anxiety prevailed in the border town but there were no reports of disorder.

A state department agent at El Paso reported that the American car inspector was killed by an irresponsible soldier, who was afterward killed by his own men.

VILLA SOLDIERS ARE CLAMORING FOR THEIR PAY

(Associated Press Telegram)

El Paso, Tex., Dec. 22.—Francisco Villa has agreed to come to the United States but will not pass through Juarez, according to General Manuel Banda. This information was contained in a statement by a conference of former Villa officers today in Juarez.

The El Paso police department early today received a report that 1,000 Villa troops had just arrived in Juarez from the south and that 5,000 were within a short distance of the town. The name of the commander was not mentioned, but it was said General Villa is not in the party. The arrival of the troops revived the report that the arrangement to surrender has fallen through and that the town would not be turned over to the Carranza government.

Villa soldiers in Juarez, who, clamoring for their wages, broke from military control yesterday and enacted scenes of disorder which resulted in the killing on the American side of an American trainman and several Mexicans in Juarez, early today were still unpaid. The money however, is on deposit in El Paso, awaiting the appointment by Mexican authorities of an authorized paymaster.

Strong representations have been made to Mexican consul Andreas C. Garcia, by General J. J. Pershing, commanding the English Brigade at Fort Bliss, regarding the death of the American, George A. Diepert. According to his investigation General Pershing said Diepert was deliberately fired upon by Mexican snipers as he passed along the border on a moving train. Shooting across the border would not be tolerated, he told the consul. A heavy guard of American troops is on duty on the border.

General Villa, whose whereabouts during the last few days has been a mystery last night was reported from Rancheria, 70 miles south of Juarez, approaching the border.

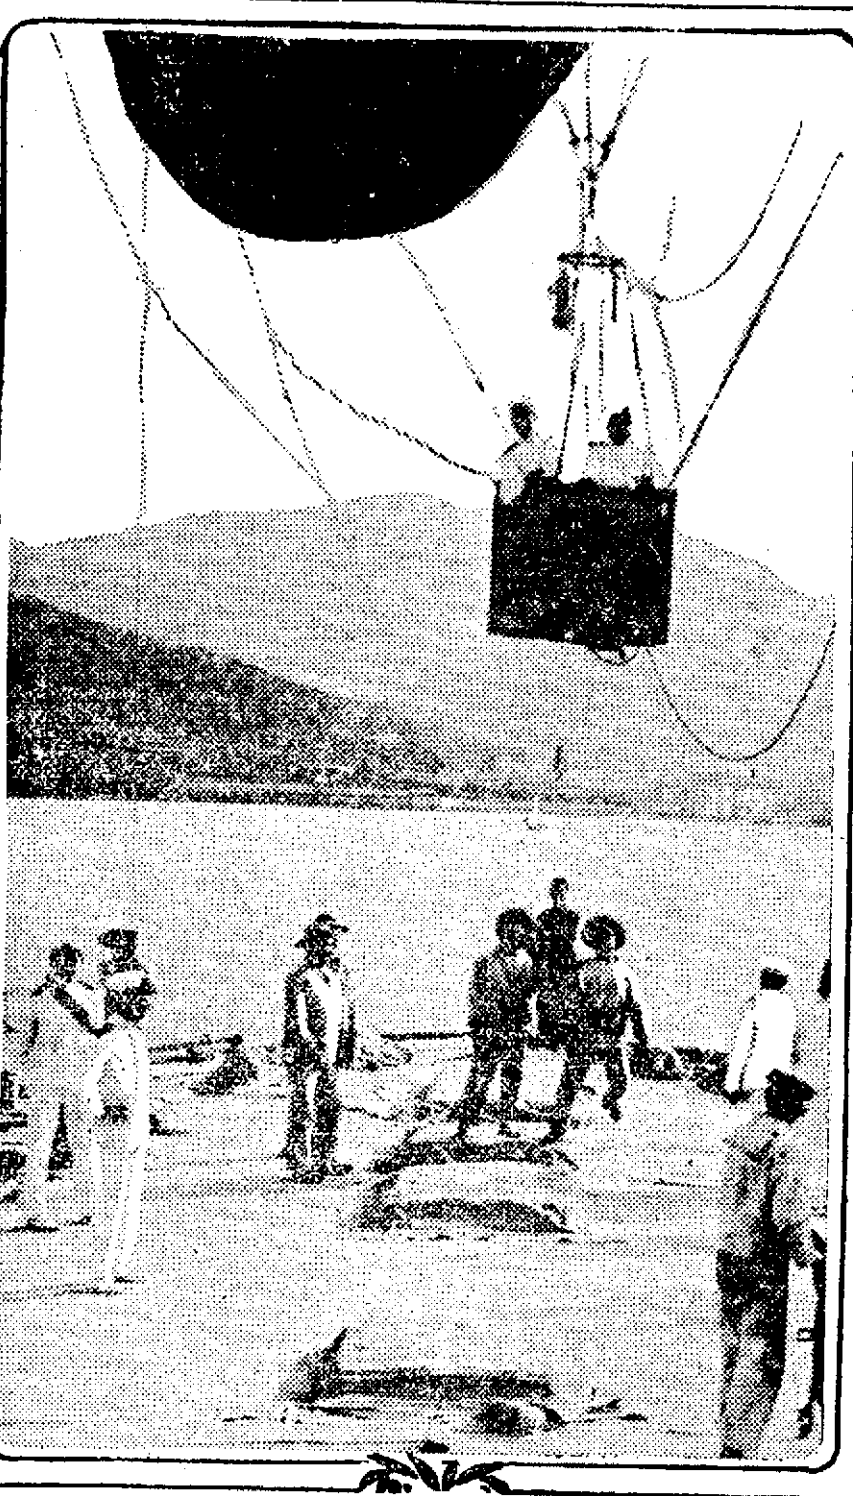

Representatives here of the Pearson Syndicate have been advised that Roy Hoard, manager of their Matamoros, Chihuahua, properties, and 29 American employees, held prisoner by Villa, for two weeks, have been liberated and are enroute to the United States.

EMPEROR IS REPORTED ILL

(Associated Press Telegram)

Berlin, Dec. 22.—By Wireless to Sayville, N. Y., Emperor William has postponed the trip he had planned making to the western front, the Overseas News Agency announced, a slight indisposition making it necessary for him to remain indoors for a few days. The emperor's ailment was described as a slight inflammation of the cellular system.

CAPTIVE BALLOON ON ITALIAN WARSHIP

Captive balloons have been used in warfare for over a century, but the Italians have found a novel method of employing them for making observations of the movements of the enemy. This photograph, taken in the region of the Dardanelles, shows a captive balloon being sent up from an Italian warship.

Former Newark Man Kills Wife and Commits Suicide; Infidelity Cause of Tragedy

Ralph Ayres, a well known machinist, formerly of this city, is dead and his wife Agnes Ayres, is in a critical condition in a Logansport, Indiana, hospital, as the result of three gun wounds inflicted last night by her husband. Ayres then turned the gun upon himself and fired a bullet into his brain.

According to a report from Logansport, Ayres found his wife in a resort, conducted in the heart of the city. Incensed he drew a revolver, fired three shots which took effect in his wife's body and then fired a bullet into his own head. He died instantly.

Mrs. Ayres, badly wounded, was hurried to a hospital, where physicians operated in an effort to save

her life. The tragedy has aroused the city and county officers to the necessity for suppressing the houses of ill repute.

Mr. Jake Spillman of this city, brother-in-law of Ayres, was notified of the double tragedy. The body will arrive in Newark Thursday morning via the Pennsylvania and will be taken to the Criss Undertaking parlors, where it will be prepared for burial.

Owing to the illness of Mrs. Spillman, sister of the dead man, the funeral services will be held from the Criss Brothers parlors.

The report of the tragedy will be a shock to the many friends of the young man, who knew him when he lived in Newark.

PRES. WILSON

DECLARES EUROPEAN TRIP OF HOUSE NOT CONNECTED WITH PEACE PLAN

Official Representative of Chief Executive to Impart Information to American Ambassador.

(Associated Press Telegram)

Hot Springs, Va., Dec. 22.—President Wilson said today that the European trip of his friend Colonel E. M. House, was in no way connected with the peace movement, but was entirely for the purposes outlined by Col. House in his statement issued last night in New York. The Colonel said his mission was to communicate to American ambassadors in person for the president, certain information that the ambassadors might more intimately communicate the attitude of the United States toward certain phases of the international situation. Further than to say that Col. House had stated the object of his mission exactly the president refused to comment.

Today, the president and Mrs. Wilson motored over to White Sulphur Springs, Va., for luncheon. The ride is about 45 miles.

PEACE COMPACT MAY BE SIGNED BEFORE NIGHT

(Associated Press Telegram)

Cincinnati, O., Dec. 22.—The national commission and the representatives of the Federal League met shortly after noon today with the prospects bright that a peace agreement ending the baseball war would be signed and sealed before darkness falls.

That the conference expected the league school at Athens, O., is home for session would be short was indicated by the fact that the out of town

members made arrangements to leave the city tonight.

The convening of the meeting was delayed to await the arrival from the east of Charles Ebbets of the Brooklyn Nationals, Barney Dreyfus of the Pittsburgh Nationals and Jack Dunn of the Richmond, Va., club formerly the Baltimore International League club. Ebbets and Dreyfus were expected to take part in the final signing of the peace agreement. It was stated that Dunn would probably be the principal individual to appear before the conferences in behalf of the International league and that his statement would probably have some bearing on the affairs of that league in the peace agreement.

Manager Jack Hendricks of the Indianapolis American Association club announced today that he would file an application for the withdrawal of the permanent injunction against Sanford Burk, a pitcher who left the Indianapolis club last summer to go with the Pittsburgh Federals. This action will be taken in the interest of peace, it was stated.

DEMENTED WOMAN KILLS DAUGHTER BY CHOKING HER

(Associated Press Telegram)

Cincinnati, Dec. 22.—Mrs. Minnie Schmitz, 39, believed to have been demented, killed her 17-year-old daughter Gertrude here today. The mother tied a four-in-hand necktie about the girl's neck choking her to death.

Mrs. Schmitz who was arrested and charged with the murder of her daughter said: "I killed her. She was wild. And I was afraid too, she would grow up and be a bad woman."

Miss Helen Hillier who is attending school at Athens, O., is home for the Christmas holidays. Miss Hillier lives in West Church street.

INCREASE

Of 1,000,000 Men Will Be Made in the British Army

BOMBARDMENT OF VARNA

Indicates That Russia Will Attempt to Forestall Efforts of Central Powers to Enlist Greece and Rumania to Their Side in the Balkan Operations—Reports of Various Fronts.

(Associated Press Telegram)

London, Dec. 22.—After an all-night debate the house of commons early today granted an increase of 1,000,000 men in the British army, bringing up its strength on paper to 4,000,000. With the increase come changes in higher command, Lieut. Gen. Robertson, chief of the general staff, being recalled from France to become chief of the imperial staff in London in place of Lieut. Gen. Murray, who is about to receive an important command. These changes are accepted here as indicating closer co-operation among the allies in the conduct of military operations on the western front.

The Teutonic powers are represented as taking full advantage of the moral effect produced by the withdrawal of British forces from Gallipoli peninsula and to be attempting once more to swing Greece and Rumania to their side in the Balkan operations.

If the news of the bombardment of Varna is correct, Russia is losing no time in an attempt to forestall these efforts. From several sources all unofficial, London has heard of the bombardment of the Bulgarian port.

Various despatches state that the Russian war ships are accompanied by a fleet of transports, which already has landed a sufficient force to hold the town.

While the Greek elections have given a large majority to former Premier Gournaris, a powerful member of the present cabinet, who is not over friendly to the entente powers, it is not believed here the change will have much of an effect on the attitude of Greece, which is now much more agitated by the possibility that the Bulgarians will cross the frontier than by the formation of a new government.

Along the western line, according to British official reports, the Germans suffered severe losses while exposing their forces in an attempt to occupy craters which their mines had opened along the front near Armentieres. French operations at most places are hampered greatly by bad weather, but a considerable portion of the German works on Hartmann's Welleren has been carried.

The Russians are reported to have occupied Kum, which indicates they are making an important advance into the interior of Persia.

Although the question of conscription figured largely in the army debate last night in the house of commons it was only an incidental part of the discussion.

The country awaits with keen interest the debate which is certain to follow the presentation to the house of the Earl of Derby's figures on the attestation plan.

STRIPLING MAY NOT RECEIVE THE EXPECTED PARDON

(Associated Press Telegram)

Atlanta, Georgia, December 22.—Thomas Edgar Stripling, who was sentenced to life imprisonment in 1897, escaped from jail and during his fourteen years of freedom became chief of police of Danville, Va., probably will not receive his expected Christmas pardon from Governor Harris. He has been in prison in Georgia since his identity was discovered in 1911.

Governor Harris said last July that he would free Stripling and intimated he would do it before Christmas. Records in the case are in the hands of the prison commission and have not been turned over to Governor Harris.

STYRON-BEGGS
GIVE BANQUET
TO EMPLOYEES

EVENT MARKED 20TH ANNIVERSARY OF THIS SUBSTANTIAL CONCERN.

Started in one Small Room Company Now About to Enter Splendid New Factory Building.

December 21st marked the twentieth anniversary of the Styron-Beggs company of Newark and the event was observed in an appropriate way with a banquet that was attended by all of the local employees and a number of the traveling men.

Two long tables, beautifully decorated with "Christmas" things were arranged on the mezzanine floor of the new Masonic temple. At each place was a sprig of mistletoe, a well designed menu card and an envelope containing a gold coin of substantial size, presented with the compliments and Christmas greeting of the Styron-Beggs company to each guest.

The following menu served by Kuster was enjoyed by the fifty guests.

"Let every one be off!"

Oyster Cocktail
Celery Hearts
Roast Turkey—Sage Dressing
Cranberry Jelly
Mashed Potatoes
Stuffed Peas in Timbals
Fruit Salad
Pumpkin Pudding
Ice Cream
Coffee
After Dinner Mints
Cigars

Music was enjoyed during the banquet and at the conclusion some mysterious boxes of souvenirs were distributed among the guests after which Mr. Frank L. Beggs as symposiumer introduced the several speakers of the evening as follows:

Twenty Years of Growth—J. L. Styron.

Better Products—L. P. Shinn.

Efficiency—H. E. Harrison.

Our Sales Force—E. S. Styron.

Our Girls—H. M. Collier.

The Future—F. L. Beggs.

The Styron-Beggs company commenced business just twenty years ago in a very small room at the corner of Fourth and Chestnut streets in this city. The company succeeded from the start and as the growth justified, larger quarters were secured. From North Fourth street the factory was moved to the Sawyer building in West Main street, then to the Miller block opposite the high school building, afterwards to the Globe building in South Third street and a few years ago to the present quarters in South Fourth street.

Announcement was made a few days ago of the purchase by the

Styron-Beggs company of the Harry Sawyer new factory building, possession of which will be taken by the Styron-Beggs company next month.

Twenty years ago this company started in a room of 160 square feet. It is now about to enter its new factory of 40,000 square feet—a modern, fireproof building which is admirably adapted for the purpose to which it will be put. No better factory building than this can be found in Ohio. Entirely surrounded by open space, in the heart of the city, built with due regard to the laws of sanitation and ventilation, and the convenience of employer and employee the plant is ideal.

The Styron-Beggs company manufactures flavoring extracts and grocers' drugs, the "Great Seal" brand which has and is still doing much to advertise the good name of Newark throughout the land. A dozen to twenty traveling men are constantly engaged in the sale of "Great Seal" goods, no less than 200 varieties of which are manufactured in this plant.

Frank L. Beggs is president and general manager, F. S. Styron is vice president, L. P. Shinn is secretary. These officers together with H. E. Harrison and Leslie Beggs constitute the board of directors.

RAWLINGS CASE
WILL BE HEARD
BY THE COURT

Trial Starts Tomorrow morning at 9 o'clock With Judge Harry Jewell on the Bench—Court News.

Twenty-five subpoenas for witnesses in the case of the State of Ohio versus A. L. Rawlings, indicted by the grand jury on several counts for forgery, were issued Wednesday by Clerk H. O. Horton. The jury in the case has been notified to be present at 9 a. m. on the morning of Thursday, December 23, and Judge Jewell is expected to arrive in Newark from Delaware early in the morning.

The Rawlings case has attracted considerable attention and the interest in the hearing is expected to be the greatest of spectators in the court room. Court Bailiff Erasmus Enisler Wednesday was busy engaged in supervising arrangements in the court room to handle a large crowd.

The defendant will be represented by Attorneys W. D. Fulton and W. M. Koons of Mt. Vernon. Prosecutor J. W. Horner will represent the state.

Justice Scott's Court.

The case of the state of Ohio against Ralph Baker, arrested at Johnston Tuesday afternoon by Mr. Charles Moore, on complaint of his wife Maude Baker, charging non-support of his minor children, will be heard in Justice Fletcher S. Scott's court January 7 at 10:00 a. m.

Justice Scott Tuesday dismissed the case of the state of Ohio vs. Harry Watling, charged with corn stealing. The defendant was arrested on complaint of J. E. Kinsey. The case was dismissed for lack of evidence.

James Wertz, haled into court on a charge of assault and battery was fined \$25 and costs and released upon payment of the fine.

Keckley Divorce Suit.

In the divorce suit of Harry L. Keckley against Mabel Keckley recently tried in the court of common pleas a decree of divorce was entered. The defendant made no contest and was very willing that the plaintiff obtain a decree, desiring only that her maiden name of Mabel Gosnell be restored to her, which was done.

What Is Uric Acid?
THE CAUSE OF BACKACHE,
RHEUMATISM, GRAVEL
AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Annie," which will throw out and completely eradicate this uric acid from the system. "Annie" has proved to be 37 times more potent than *Urin*, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Annie," or send 30 cents for a trial package of "Annie" Tablets.

If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Doctor Pierce's "Annie" Tablets.

Doctor Pierce's reputation is back of this medicine and you know that his "Golden Medical Discovery" for the blood and his "Favorite Prescription" for the liver, stomach and bowels.

Doctor Pierce's Pellets are unequalled as a Liver Pill. One tiny Sugar-coated Pellet a Day. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

COMMUNITY
XMAS TREE
IS ERECTED

A fine 35 foot evergreen from the Homer C. Price farm in the Welsh Hills reached the city this morning and was erected this afternoon in the court house park. It will be trimmed with colored lamps within the next day or two in readiness for the Christmas tree exercises under the auspices of the Associated Charities.

The tree occupies space in the northeast section of the square where a platform will be erected from which the exercises will take place. A fine program of music with a number of addresses will be given.

A committee composed of Messrs. P. L. Johnson, W. M. Morgan and Harry Scott had charge of the tree and selected this one after looking over several in various places over the county. It will be trimmed and lighted by the Ohio Light and Power Co.

The Christmas tree fund amounts now to nearly \$50 and donations will be received by the Advocate or American Tribune until Christmas.

WELSH HILLS

A number of friends from this place attended the funeral of Mr. Thomas Dudley Sunday. Mr. Dudley had been a resident of this place for many years and his kind and friendly disposition had won for him many friends, who will greatly miss him.

Mrs. William Hankinson has been sick for the past week, with a severe cold, but is some better.

Mr. and Mrs. Walter Packham spent Saturday and Sunday at the home of the latter's uncle, C. V. Jeffers of Newark.

Mr. and Mrs. Alpha Palmer of Granville spent Sunday with the latter's parents, Mr. and Mrs. Fred Williams.

Mr. Jack Davis and some of his family are suffering with pinkeye.

Ernest Evans was out of school Tuesday on account of illness.

Mr. Reuben Miller spent a few days last week in Newark, visiting his brothers, William and Charles Miller and his sister, Mrs. Fred Sunderland.

David Jones, who has been attending school at Denison university is spending his vacation at his home here.

Mr. and Mrs. Wheeler and the latter's father, D. E. Williams, of Columbus, spent Sunday afternoon with Mrs. Esther Williams.

Owing to the inclement weather not many attended the open Grange meeting on last Thursday evening. There will be another meeting on Thursday night of this week.

Mr. and Mrs. H. E. Griffith are entertaining their daughters of Granville during the holiday vacation.

The annual Christmas entertainment will be given at the Welsh Hills church on Saturday night. There will be a treat for the Sunday school.

Mrs. John Vogelmeier of Newark spent Sunday with her mother, Mrs. Susan Jeffers, who has been confined to her bed for the past two weeks with illness at the home of her daughter, Mrs. Evan Price.

Philip Phillips and sister, Mrs. Pearl Hortenzon, took dinner with their aunt, Mrs. Nellie Frederick, Sunday.

WILL HAVE NO
EFFECT ON THE
LOCAL OFFICE

The outcome of the suit of F. F. Geutsch, taxpayer, against A. J. Hirsutius, former sheriff of Cuyahoga county, will according to Clerk Jones of the county commissioners, have no effect on the amount of money received by Sheriff Charles Swank for "prisoner's keep."

Geutsch, as a taxpayer, brought suit in the common pleas court of Cleveland to compel ex-Sheriff Hirsutius to return an alleged profit made from the money allowed for the maintenance of prisoners in the county jail.

Hirsutius received the minimum allowance of 45 cents a day for each prisoner. It is contended he made a profit. "We will continue to pay the sum of 50 cents a day to Sheriff Swank even though the supreme court's award a decision favorable to the plaintiff," Clerk Jones said Wednesday. Hirsutius won his suit in the lower courts.

FALLING OFF IN PRODUCTION OF OHIO COAL

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., Dec. 22.—Ohio's coal production in 1914 was reduced to 18,736,407 tons, nearly one-half that of 1913, owing to the strike of the miners in April, 1914, and subsequent idleness of mines, according to a report made public today by the statistical bureau of the state industrial commission. The number of miners employed was 46,965 and the average pay of each miner for the year was only \$357.

Ohio's production was 4.4 per cent of the total bituminous coal output of the United States last year, although in 1913 it was 7.6 per cent, the report declares. Not since 1899 has the state's coal production been so little. Pick miners worked an average of 150 days in the year and loaders only 101 days. Many miners shared their day's work with others so that the actual full days employment to reach man would not be even less than the report shows, it is said.

There were 58 fatal accidents. Miss Edith Miller assistant statistician gathered the figures for the

report mainly from coal operators. In April, May, June and July, 1914, less than 8,000 men were working and even in December only 28,000 had work, as compared with 43,000 in January, February and March of 1914, the months immediately preceding the strike and idleness. General resumption of mining did not occur until only several months ago, it is pointed out.

Four fifths of the total loss of production in 1914 was in Athens, Belmont, Guernsey and Jefferson counties, the report showed, and Stark county alone showed material increase in production last year, with 15,616 tons more than in 1913. Holmes, Medina and Monroe counties showed slight gains.

Eighty-five per cent of Ohio's production was mined by machinery. Thirteen per cent was mined by pick. Average daily wages paid pick miners was \$2.59 and that of machine runners and helpers \$4.30.

Total wages paid by the 936 mines in operation was \$16,095,000. There were 58 fatal accidents during the year, making the equivalent of one man killed for each 810 employed, or for each 323,000 tons of coal mined.

Obituary

Margaret Litzinger.
Margaret, the seven hours old daughter of Mr. and Mrs. Clyde Litzinger, of 207 North Fifth street, died at her home early Wednesday morning. Short services will be held at the home Thursday morning at 10 o'clock, the Rev. Mr. Cox officiating. Burial at Cedar Hill.

Dr. C. G. Sprinkel.
Mrs. C. H. Traxler, of Columbus, received word yesterday from Kansas City of the death of her brother, Dr. Charles G. Sprinkel. He was a graduate of Starling Medical College. Mrs. Traxler is a former resident of Newark.

Wm. J. Benn's Mother.
Mr. and Mrs. Wm. J. Benn of Benwood, W. Va., were called to Akron on account of the death of Mr. Benn's mother, who had been ill for several years. Mr. Benn is well known among Newark people. He has been in the service of the B. & O. railroad of many years.

Funeral of Miss Prior.
The remains of Miss Julia Prior, who died in Colorado, arrived here Tuesday evening. The funeral cortege will leave the home of Mr. John Prior, in South Second street, at 8:30 o'clock Thursday morning, and services will be held at 9 o'clock in the St. Francis de Sales church.

Mrs. Ellen D. Carr.
The body of Mrs. Ellen D. Carr, wife of Henry Carr, a former resident of Granville, arrived in Newark today and was taken to the T. A. Bazzler undertaking establishment in West Church street and later to Granville for funeral and interment.

PRECAUTIONS TO AVOID ATTACK OF SUBMARINE

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 22.—Unusual precautions to meet a possible submarine attack were taken by the French steamer *Patria*, which arrived today from Naples, Palermo and Lisbon with 41 first, 91 second cabin, and 550 steerage passengers. On leaving Palermo, the steamer's boats were hung over the side; steam was kept on the winches and at night all lights were out.

The *Patria* hugged the African coast all the way to Gibraltar, then repeated the precautionary measures on leaving Lisbon. Of chief interest among the ship's crew was John De Marco, aged 15 years, a mess boy, and a survivor of the *Ancona* disaster. Among the passengers were Albert J. Engel, representing American aeroplane interests. He returned after establishing aviation schools in Spain for army and navy officers. While there King Alfonso made a flight with him.

Havana a Flyless Town.

(Commerce Reports.)
The visitor from the United States cannot fail to be impressed with the absence of flies in Havana. A fly is a real rarity—so is a mosquito—and screens are not at all a necessity. The absence of these pests is simply the result of municipal cleanliness and care.

Illustrating the general understanding of the necessity to watch out for breeding sources, Mounted Officer Pedro Sierra reported Nov. 30th, to the chief of sanitation, that he had observed a plant in the Vedado (residential district) that apparently was a source of flies. The plant has a fruit resembling a fig, in which, Sierra asserts, larvae are to be found. He conducted some experiments himself, becoming convinced that the plant afforded a breeding place for the pests; then he so reported. If the experiments of the department of sanitation confirm him, undoubtedly an order will be issued for the destruction of all such plantations in and around Havana, and, incidentally, Officer Sierra will be rewarded. There is no need for "fly-swatting campaigns" around the clean capital of Cuba. The sanitarians make flies an impossibility and confirm absolutely the doctrine that municipal cleanliness will prevent the appearance of flies altogether.

The production of petroleum throughout the world in 1914 was 400,483,489 gallons, as compared with 384,667,550 gallons in 1913. The United States headed the list.

SMITH WAS A GLASSWORKER; HERE 20 YEARS

Arthur Smith, victim of Monday night's fatal accident at the Second street crossing, was a veteran of the English army in which he served for seven years and seven months and has been in Ohio 20 years, so can not be accused of deserting the cause of the allies during the present conflict.

He was a member of the Glassblowers Union and was at one time employed at Utica. He was 65 years old though he looks 20 years younger.

The letter found in his pocket was one written by David E. Thomas of the Lansing block, to Mr. Thomas' sister in Solomon City, Kans. Mr. Thomas, who has been confined to his room, asked Smith to mail the letter, giving him \$1 to put in the envelope.

Smith's sister was married here several years ago to an Italian and is living in the East, according to information secured from Smith's friends. No disposition has been made of his body which is still at the Bazzler morgue in West Church street.

Granville

(Special to Advocate.)

Granville, Dec. 22.—An artistic basket of holly, red candles and Christmas greenery, furnished the decorations for the handsomely appointed dinner given last evening at the home of Mr. and Mrs. C. B. Slack in Cedar street by their daughter, Miss Addie, complimenting the prospective bride and groom, Miss Allieret Chrysler and Mr. Roe Morrow. The house throughout was charming in its suggestions of Christmas cheer, and the party was one of the most enjoyable of the season. The young couple, whose marriage is to be solemnized on January 5, 1916, received many congratulations on the approaching event. Covers were laid for: Mr. and Mrs. O. H. Burris of Washington, D. C., Prof. and Mrs. Walter Livingston, Mr. and Mrs. Ben Woodruff, Mr. and Mrs. George Stuart, Prof. and Mrs. Raymond Pence, Miss Chrysler, Miss Slack, Mr. Roe Morrow, Mr. Hubert Wright, Mr. and Mrs. Slack.

The Sunday school of the Baptist church will give a fine entertainment this evening in the auditorium of the church. The large platform used for the chorus in "The Messiah" will be used for the occasion. Everybody come.

Christmas Giving.

The enormous amount of charitable giving to the poor which takes place at holiday time is the finest manifestation of the Christmas spirit. Not all giving, however, is wisely done. One family with a certain established reputation for worthiness and destitution may be provided with several turkey dinners. Others less well known, perhaps too proud to make their wants public, may have nothing.

In country villages cases of destitution are obvious, and gifts to needy families are more or less public, and charity is seldom abused. In the larger cities some form of associated charity organization is absolutely needed, to prevent duplication and expose frauds.

This work is open to the danger that charity will lose the human touch, and become a mere machine for grinding out routine beneficence. The charity visitor needs an ever vivid sympathy with misfortune. Also there are some near-do-wells who need not charity, but the tonic advice to get out and hustle.

Where a town is not large enough for a thoroughly systematized central charity organization, the same idea should be carried out informally. The charity committees of churches, lodges, and other organizations should consult confidentially to prevent duplication.

Every one should feel a sense of responsibility for destitution in his own neighborhood, where he knows the circumstances of distress, and can judge of degrees of desert and need. Some of the more personal gifts may not be wisely made. But they bring such a friendly touch of personal relations that they are the most effective force for the heartening of the discouraged. Real charity does not stop with the giving of money. It sees unfortunate people in their own homes. There it can determine whether want is due to the fault of the unfortunate, and in cases of real need one is moved to offer even more generous assistance.

Newark's Associated Charities organization is doing a great work and is doing it well. The organization is planning to spread Christmas cheer in this community and the Advocate has been asked to receive contributions to the Community Christmas tree fund, all of which is to be used by the Associated Charities in spreading Christmas cheer among those of the community who otherwise would have a Gloomy instead of a Merry Christmas.

The Skating Fad.

Society's pet craze this winter is skating. Last season a good many dancing floors began to be converted into roller rinks. This year in many Northern cities, ice skating is drawing the crowds that but recently paid down so much good money to learn the transient art of tangoing.

It is somewhat difficult for the philosophical observer to account for the fascination found in making some hundreds of rounds about the narrow hall containing a roller or ice rink. Probably a more barbaric physical longing for speed is a large share

of it. You find that trait in all cold countries, where boys from time immemorial have risked their necks on sleds, double rippers, toboggans, and skis.

The scorching motorist is a universal illustration of this love for swift motion. He is blind to the glories of the scenery. The human types that he meets do not interest him, only the story of his speedometer and the condition of the roads. Perhaps the skater has a related feeling. No doubt skates of any kind do give a sense of obstacles removed, of weight of the body released of easy motion, that produces physical elation.

Many athletic young people devote time and effort to the elaboration of all kinds of skillful stunts on skates, which must give the pleasure that goes with any form of bodily skill. Their feats of balance on their slippery and uncertain footing of either rollers or ice, are as marvelous as the acts of any tight rope walker. The freedom of the motion makes possible the most flowing grace.

Whether the skating craze can last as long as the dancing fad did is a question. It will always appeal to sentimental young folks anxious for an excuse for each other's society. It must be less responsive than dancing to the seductions of rhythmical motion and musical feeling. In the ice skating districts there are rare times when lawyers, doctors, ministers, and business men acquire the fad. But in the long run it is a kid sport, the joys of which, in the boy mind, seem to be enhanced by the possibilities of a cold wetting.

Facts in the Ancona Case.

(Philadelphia Record.)
The American note in the case of the Ancona did not invite delay. It was perfectly clear and explicit, and sufficiently peremptory in its tone. It was not offensive, but it was composed with the purpose of securing prompt action, and not much was left to Vienna but to defy us or accede to our demands. The Austrian reply appears to be no better than an effort to gain time. Enough time has been spent in correspondence on this topic.

The Austrian note assumes a tone of surprise at the objections of the United States to the sinking of the Ancona. Yet there is no room whatever for doubt about the requirement of international law, which is identical with the law of humanity, that persons are to be removed from a captured merchant vessel before it is destroyed. The note further assumes that there is some uncertainty about the facts of the sinking of the Ancona, regarding which correspondence may naturally follow and evidence be submitted. But the first American note stated explicitly that it was based upon the official Austrian report of the transaction. We accepted the Austrian account; we stated that the sinking was in gross violation of the laws of civilized warfare, as to which there can be no room for question, and we demanded that Austria promptly disavow the act, punish the commander of the submarine and promise indemnity. As we are proceeding upon information supplied by the Austrian government, and the provisions of international law are familiar to all concerned, there is nothing to discuss.

But as Austria, neither accepting nor rejecting our proposition, inquires for evidence and citations of international law, it is proper for our government as a matter of courtesy to reply to the letter before taking action. This reply, it is believed, will decline to discuss the facts, because they are sufficiently stated in an Austrian document. It will repeat the statement, which is beyond controversy, that it is a violation of international law to sink a merchant steamer, with persons on board, when it is neither resisting nor fleeing. The Austrian commander sank the Ancona when she was lying to, at a distance of about 100 yards. The demands for a disavowal of the act, the punishment of the submarine commander and the indemnity for American lives lost will be repeated. There is nothing to discuss, because the requirements of international law are as plain as those of humanity, and the facts in this case are those supplied by Austria. The only question for Austria is whether she will submit to the restraints imposed by international law, or whether she will refuse to. The United States stands forth, not merely as the protector of its own citizens, but as the champion of humanity and the law of nations, and Vienna has simply to comply or defy.

Rippling Rhymes

A man can manufacture pills of plaster Paris, bran and flour, and swear they'll cure all human ills—and folks will praise them every hour. And every mail that comes to town will bring warm letters from the guys who tell how they were stricken down with influenza in the eyes. "We tried all medicines and drugs that kindly folks could recommend, we bought such things in kegs and jugs, and porous plasters without end. In vain—it didn't hit the spot; we weaker grew from day to day; in spite of all that costly rot, it seemed that we must pass away. We called a learned physician in, and at our tongue and pulse he looked, and said, with melancholy grin, 'It is no use—your goose is cooked!' Then Grandpa said, 'For mortal ills there is one cure that's simply great; O try the Plaster Paris Pills.' And so we sent and bought a crate. We took ten pills six times an hour, at night we took a dozen more; and to our weakened limbs the power came rushing like a tidal bore." Thus people, over all the earth, are boosted, and mean no harm; oh, what is testimony worth? Is evidence a false alarm?

The old farm has some neglected apple-trees, as are nearly all the apple-trees throughout the country close to New York city, but we have boxed enough of their fruit each

season to serve us through most of the winter. Sometimes I hope to learn why we bring apples from Oregon and Washington, when the finest in the world grow in our own state, even trees that have not had a moment's care in 20 years hanging full of fruit of finest flavor. Idle acres and neglected orchards seem to me economic wastes that are almost criminal. We have tried to do our part in utilizing the ground close at hand.—Countryside Magazine.

Wise Yuan.
Emperor Yuan declines to be congratulated. He is wiser to wait until after the war and he learns what Europe is going to do about him.—Pittsburg Dispatch.

Thanks to the Censor.
Unfortunately the English people know more about the home battles of their government than of the fighting of the British troops abroad.—Atlanta Constitution.

A Strong Navy.
Admiral Dewey wants a navy "strong enough to meet on equal terms the navy of the strongest probable adversary." But wouldn't it be safer to have a navy as strong as any two or three others put together? They might unite against you, you know. In either event, however, we should have to go a long way to spend many billions.—Columbus Dispatch.

President's Bride.
The Christmas spirit is not absolutely all-pervasive and the neighbor women express the fear that Mrs. Woodrow Wilson, while she may be good-looking enough now, is of the type that gets very stout as it grows older.—Ohio State Journal.

It is a pleasure to know that we are still a democratic country, at least to the extent that the President of the United States can get married for \$1 like ordinary folks.—Washington Herald.

An Ohio father objected to permitting his daughter to go to school because she was taught that the world is round. Pshaw! They have

According to ex-Governor Hadley: the way for the Republicans to win is to forget the past and work shoulder to shoulder for victory. But the Republican party's glorious record is all in the past. How can they forget that?—Kansas City Journal.

Baker—Jakeway.
Mr. Frederick P. Baker and Miss Goldie Jakeway were married at the parsonage of the Central Church of Christ in West Locust street on Tuesday afternoon, at 3 o'clock by Rev. W. D. Ward. The bride is the daughter of Mr. and Mrs. R. R. Jakeway in Grant street while the bridegroom is the son of Mr. and Mrs. J. P. Baker of Seventh street.

Mr. and Mrs. Baker will make their home in Detroit where the bridegroom is employed as a wood pattern maker.

Mr. and Mrs. Anson Davis entertained at supper Sunday evening in honor of their grand-daughter Violet the following: Misses Beulah Murray, Flora Eaton, Florence Wilkin, Violet Drumm, Messrs. Clarence Tanner, Orville Westbrook, Sam Davis, and Sam Westbrook.

Mrs. Nettie Settles delightfully entertained the members of the Dorcas Bible class of the Central Church of Christ, Saturday afternoon, December 18, at her home in Riley street, in honor of the ninth anniversary of the class. The hours being from 2 until 5. The rooms were beautifully decorated suggestive of the Christmas time. The exercises of the at-

ternoon were opened by a short devotional followed by readings and short talks after which Miner Mitchell favored the guests with some violin solos accompanied by Miss Mary Davis at the piano also a piano solo by Miss Davis. At the close of this interesting program an elaborate two-course luncheon was served by the hostess to the following guests: Mr. R. M. Tinnen, Mrs. Mary Jewell, Mrs. E. B. Armstrong, Mrs. Esther Hatfield, Mrs. Thomas Hayes, Miss Lulu Youse Mrs. John Hatfield, Mrs. Clara E. Evans, Mrs. Ford, Mrs. Warren Wright, Mrs. Fred Iden, Mrs. A. H. Yaus, Mrs. Cary Iden, Mrs. Floyd Williams, Carl Downing, Dorothy Downing, Mary Davis, Mrs. Bessie Debevorse, Mrs. Bernice Schmutz, Mrs. Nettie Steeles, Master Edward Schmutz, Mrs. Martha Crox, Miss Elizabeth Crox, Wilmer Mitchell, Mrs. Allen Mitchell.

Mrs. William Philipps was delightfully surprised at her home in North Buena Vista street on Monday evening by a number of friends. A beautiful linen tablecloth was presented to her by Rev. A. B. Cox in behalf of her friends. A delicious three course luncheon was served to thirty-six guests.

Coyle—Patterson.
Announcement is made of the marriage of Mrs. Carrie Patterson of Johnstown, O., and Mr. Marion Coyle of this city. The wedding was solemnized on Thanksgiving day in

Wheeling, W. Va. Mr. Coyle formerly resided in 52 Jefferson street and they are at home to their friends in the Fitzsimmons apartments.

The Royal Sewing society entertained with a delightful Christmas party at which the husbands of the members were the guests at the home of Mrs. Cary T. Bricker in North Fourth street. The hours were informally spent and a delicious two-course dinner was served, the appointments being in red and green and suggestive of the Christmas season. The hostess was assisted by her little niece Miss Christine McKinney of St. Louisville and Miss Geneva Fry.

Cards reading as follows have been issued in the city today:

GROCERS AND MEAT DEALERS TO BE CLOSED

At the regular meeting Tuesday, December 21st, the members of the Grocers' and Meat Dealers' Association agreed to close their places of business all day Christmas. As American citizens and Christians we think this day of all days should be observed, and look to something higher and more lasting than money-making, and we ask the public in general to abstain from selling and buying on Christmas day. The following officers were elected for the ensuing year:
President, David C. Metz.
Vice president, Ray Evans.
Directors, A. A. Westbrook, F. P. Winn, J. A. Crider, A. H. Marple and Frank Dugan.

The skins of the kangaroo are especially desirable for use in surgery in sewing wounds and binding broken bones together.

Wall Street
(Associated Press Telegram)
New York, Dec. 22.—Such stocks as American Smelting, Mexican Petroleum and metal and war shares continued to monopolize speculative attention on the resumption of trading today, while rails and similar investment issues were again neglected. Smelting soon rose to 100 1/4, an overnight gain of 1/4 and within a fraction of its highest price since 1908. Copper stocks were stimulated by the rise in smelting as well as the price of the metal, and Mercantile Marine Preferred, Texas Company and a few specialties also responded to a moderate demand. There was further active buying of the Anglo-French bonds. Marine Preferred was the active stock of the first hour, but the metal group as a whole overshadowed all other features. Another rise in copper to 20 1/2 was responsible for the prominence of such semi-active issues as Greene-Carman, Inspiration, Tennessee, China and National Lead at

Chicago Grain
(Associated Press Telegram)
Chicago, Dec. 22.—Wheat turned weak today after an early advance which had resulted from higher quotations at Liverpool. Argentine reports, however, telling of fine weather for the harvest and of a large yield, assured an advance in the bears. Profit taking by holders was on a broad scale. Opening prices, which were unchanged to 1/4, a higher and lower, were followed by a reaction all around to below yesterday's finish.

Subsequently rallies took place owing to supposed signs of export business. The market, though, failed to last. Trade in futures was unusually active, but European buying seemed to have come to a pause. The close was weak 1/4-1/2, and May at 1.23 1/4, 1/2, 1/4, were followed by a reaction all around to below yesterday's finish.

Corn rose to the highest prices yet for the 1915 crop, the closing being 1 1/4-1/2, and May at 1.23 1/4, 1/2, 1/4, were followed by a reaction all around to below yesterday's finish.

Later the corn market went higher than before. Buyers seemed to be impressed with the belief that the government had over estimated the crop. Nevertheless, top prices were not well maintained, and the close was unsettled at 1 1/4-1/2, and May at 1.23 1/4, 1/2, 1/4, were followed by a reaction all around to below yesterday's finish.

Oats hardened with corn. The volume of trade was much greater than has recently been the case. Liberal receipts of hogs weakened provisions. However, there was no urgent pressure to sell. Reports showed that slaughterers in the west continued heavy as compared with a year ago.

Readers' Viewpoint

New Law and Warnes Law.
Editor of the Advocate:
Attorney General Turner says in an opinion given to the auditor of Monroe county that when the district tax assessors' time expires and all their work devolves upon the county auditors, that the auditors must do that work without any additional help or compensation.

He gives as his reason that "prior to the enactment of the Warnes law all of this clerical work was done in the office of the county auditor." Whereas, it is not a fact that the major and efficient part of the work done under the Warnes law was never performed in the auditor's office or any where else? The omission of this work made the Warnes law a necessity. It is to be hoped, however, that the county auditors of the state will proceed to carry out the spirit and the letter of the Parrott-Whittemore law, so the honest tax payers of the state may judge of the comparative merits of the new law and the Warnes law.

SAVES TIME AND TROUBLE.

A good thermometer has many uses on the farm. The temperature of the pantry should not be more than 50 degrees and that of cellars should not be allowed to become less than 30 degrees; 35 degrees being a good temperature for cellars. When buying a thermometer, select one which bears the name of the maker and with a Fahrenheit scale etched on the glass stem.

TIPS IN POULTRY FEEDING.
There is no economy in feeding fowls one kind of grain, for that compels them to eat more than they ought in order to get a sufficient quantity of food elements. A large part of the egg is water, a fact which shows the necessity of providing layers with an ample supply of pure clean water in fountains or dishes which are frequently disinfected. The flock should be never a good layer. The flock should be made to exercise by scratching for whole and cracked grains in a deep litter of clean material and jumping for green food, such as cabbage or a mangel.

A french scientist successfully combated locusts in Argentina by inoculating a number of the insects with a parasitic disease and liberating them to infect others of their kind.

Mr. Creedon Improving.
William Creedon, former manager of Hotel Warden who has been confined to his home in Mt. Vernon following an operation upon his knee is improving and today will enter Mt. Carmel hospital at Columbus, where the plaster cast will be removed. Harry Starr of this city called upon Mr. Creedon yesterday and states that he will soon be completely recovered.
Annual Social.
Licking company 121, uniform rank, Knights of Pythias, and their families will have their annual social tonight at 7:30 o'clock.
Newspaper Boys Remembered.
Supt. Wilson Hawkins of the local schools kindly remembered the board of education newspaper reporters with a handsome Christmas remembrance. It is hardly necessary to say that the gift was appreciated and for the next few weeks the newspapermen will pass up the old stogie box and indulge in the luxury of imported fragrant Habanas, an event that seldom happens in the lives of the average newspaper reporter who is content to plod over his beat with an occasional cigarette or an old corn cob pipe.

LAST MEETING THIS YEAR FOR SCHOOL BOARD

The Newark board of education held their regular meeting Tuesday night. William Christian, president, Clerk James K. Dewey and William E. Miller formed a bare quorum.

The public service department presented a bill for water for the year ending Dec. 31, 1915, amounting to \$1,325.90, subject to discount if paid at once which would bring the amount down to \$1,100. The bill was ordered paid.

On motion a warrant to take care of the immediate necessities of the school including the payment of the water bill, leaving out time notes held by local bankers, a warrant was drawn authorizing the clerk to borrow \$1200, in anticipation of securing in January a portion of the fund due the school from the general taxation duplicates.

A vote of thanks was tendered the children of the eighth grade in return for Christmas presents made for each member of the board by the children. The presents consisted of a heavy paper basket made of heavy card board.

Superintendent Hawkins urged the necessity of a cloak room in the high school and the furnishing of lockers for the instruments used by members of the high school orchestra. He submitted the proposition to furnish 43 lockers for \$160; the members of the orchestra agreeing to pay one half of the sum.

Mr. Hawkins said that on arrival of the lockers they would be placed and set up by orchestra members, and the faculty without additional cost to the board.

The following bills were allowed:
J. I. Halcombe Manufacturer
ing Co. \$22.50
Rand McNally Co., maps 209.80
Phoenix Oil Co., soap 39.48
Charles E. Haynes, work on play grounds 55.00

O. D. Holler, supplies 66.27
T. M. Edmison, books 21.28
Sprague Grocery Co., salt 1.40
Marietta Paint Co., supplies 2.55

Two representatives of the Columbus branch of the Chamberlain Weatherstrip Company bid for the contract of weatherstripping the Maholm street school house. The board gave the work to the Chamberlain company who agreed to do it for \$180. Work will be started on the 74 windows Thursday morning and will be complete when school again convenes following the holiday vacation.

The board also granted the request of Supt. Hawkins for the decorating of the domestic science room. Place & Son, decorators, were given the job of painting the walls and ceiling.

Dr. W. C. Rank and J. K. Dewey, the retiring members of the board will attend the next meeting of the old board in January and after the meeting has adjourned the new members will organize for the next term.

2 EXTRA BOUTS FOR XMAS SHOW; STARTS AT 2:30

The Christmas wrestling bout at the Music Hall will start at 2:30 o'clock in the afternoon, according to Paul Bowser, promoter and principal in the main event of the afternoon. Bowser meets Young Pardella for a finish match, best two falls in three to win. These two men met last week and wrestled for 90 minutes, neither succeeding in throwing the other, though Pardella agreed to show the Newark boy twice in the 90 minutes.

For the Christmas event, Pardella agrees to make 175 pounds. He claimed to weigh 184 pounds. Bowser at that time weighed 163.

In addition to this attraction which promises to draw a large crowd, arrangements have been made for two preliminaries. Ed Haslop will wrestle George Wilson of Marion and two other individuals not yet selected, will go to the mat for a brief scotco.

Tickets for the event have been placed on sale at Curry's Arcade barber shop, Pastime bowling alleys, Thimark cafe and Wellman's South Fifth street cafe.

FINE PROGRAM RENDERED BY "U" GLEE CLUB

A small crowd greeted the Ohio State University Glee Club at Taylor Hall Tuesday evening, when the club paid its annual visit to Newark. The crowd, however, was very appreciative, honoring each number part of the programme, "The Polkas of 1916," was put on under great difficulty owing to the size of Taylor hall. The club consists of thirty-two men including the director. Following is the programme:

Carmen, Cornell, '08.
Selection, String Quartette.
(a) The Corporal's Ditty—Squire
(b) Little Gray Home in the West
Lohr, Mr. Humberger '16.
Vilou Solo—Selected. Mr. Monson '16.

Keep a' Goin'—Jacobsen, Glee Club.

Just a' Wearin' for You—Arr. by Parks Messrs. Ewing, Trumbull, Humberger, Fullington
Piano Solo—Selected. Mr. Dougherty '17.

Ring Out Wild Bells—Voelch Glee Club.

Selection, String Quartette.

Across the Field—Dougherty '17. Glee Club.

Part 2—

"The Polkas of 1916."

The concert was thoroughly enjoyable, the singing of the different numbers demonstrating that the glee club is composed of true artists. It is to be regretted that the attendance was so small and it is to be sincerely hoped that the management will arrange a concert for next season when a more suitable hall can be secured, as Taylor Hall has not the conveniences necessary for an organization as large as the Ohio University glee club.

The club left this morning for Pittsburgh where concerts will be given tonight and tomorrow night.

Olives which are dead ripe are delicious, but extreme care is required to preserve them.

STUDENTS PLACED ON BLACKLIST IN TICKET SCANDAL

Cambridge, Mass., Dec. 22.—The Harvard athletic board last night announced that 51 names of graduates and undergraduates had been blacklisted because of tickets allotted to them for the Harvard-Yale football game this fall had been found in the files of speculators. In the future no application for tickets by these men will be honored, it was stated. The number of tickets reaching the speculators was remarkably small this year, the council reported.

Undergraduate and dental school students were the chief offenders, although one officer of the university was found guilty.

BETHLEHEM PAGEANT BY THE SCHOOL

An unusual entertainment will take place at the East Main Street U. B. church on Sunday, December 26, when a Bethlehem pageant will be given. The entertainment will take place promptly at 7 o'clock under the auspices of the Sunday school, and about seventy-five scholars will participate. They will wear the costumes, as nearly as possible resembling those worn at the time of Christ's birth.

The spectacle will depict the scene of the beginning of the great drama in the world's history. The entertainment will be free and all who desire to see it will be accommodated.

400 STRIKERS ATTACK POLICE IN CLEVELAND

Cleveland, Dec. 22.—Four hundred laborers who went out on strike at the plant of the American Steel and Wire Company today attacked four police officers who attempted to arrest them last night. At the first show of disorder the leader cried "Kill the police," and rocks and clubs were hurled at the officers.

Four more officers with the emergency patrol were called and the mob was finally subdued, 17 of the strikers being arrested.

One of the policemen was slightly injured. The men went out on strike for better labor conditions.

KELLY SPENDS MOST OF LIFE BEHIND BARS

Columbus, Dec. 22.—John Kelly, the regular used car again faced police court this morning, when he was again sentenced on a charge of vagrancy. He was locked up by Turnkey Andy and Engineer V. J. Klockner. Kelly has spent 90 per cent of his life after he reached the age of 25, in jails.

ANOTHER "BIKE" RACE SCHEDULED

Chicago, Dec. 22.—Chicago is to have another six-day bicycle race. The event is scheduled to start February 2 instead of continuing from February 2 hours a day, the riders will race only 12 hours a day.

Lime-Loss in Tuberculosis

In the Journal of the American Medical Association (January 17, 1914) was the following:

"It has been many times stated that in tuberculosis or in the pre-tuberculosis stage the loss of lime in the urine and feces is lost, both in the urine and feces. In fact, a demineralization has been thought to be a forerunner of the development of tuberculosis."

"Forced feeding of tuberculosis patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specializing in the treatment of pulmonary tuberculosis."

If tuberculosis is due to a loss of lime from the system, the success of Eckman's Alternative in the treatment of this disease may be due, in part to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Always we have urged users of Eckman's Alternative to attend strictly to matters of food.

In addition to rest and proper diet, some effective remedial agent seems to be needed, and in numerous cases of apparent recovery from tuberculosis and kindred throat and bronchial affections Eckman's Alternative has supplied this need.

It does not contain opiates, narcotics or habit-forming drugs, so it is safe to try. Your druggist has it or will order it, or you can get it from us direct.

ROOSEVELT ASPIRES TO PRESIDENCY

Will Again be a Candidate in 1916,
Statement of One of His Close
Personal Friends.

New York, Dec. 21.—The New York American says today.

Former President Roosevelt again will throw his hat into the ring about March 1. Until that time he will remain passive.

The statement was made last night by a close personal and political friend of the former President.

Here is the manner in which the situation likely will shape up:

Colonel Roosevelt will endeavor to keep silent politically until near the end of January.

On January 28 he will issue a bugle call to the Pennsylvania Progressives who have stood so nobly by him in Philadelphia.

On February 12 he will talk to the Illinois Bull Mooseers in Chicago.

Following that, Colonel Roosevelt will go to the West Indies, where he will remain for three weeks of a month resting up for the battle that is to follow.

Upon his return, it is declared, the former president will openly admit that he is a candidate.

Ormsby McHarg, who took a prominent part in Colonel Roosevelt's campaign in 1912, said last night:

"I know that Colonel Roosevelt plans to become a candidate for the Republican Presidential nomination in many states. You will find him fighting in the open in the Minnesota primary March 15. He will bear weeks in Massachusetts, Sherman in Illinois, Smith in Michigan and Cummings in Iowa.

"The Colonel has caused to be published the names of certain Republican candidates he might support, knowing that they either will not run or would be knocked down. He knows, for instance, that Hughes would not resign from the Supreme bench and run the risk of being defeated by Wilson.

"The Gary dinner was merely a clever part of the game to rally the steel crowd around Roosevelt again.

"The Bull Moose National Convention is to meet June 7 in Chicago, at the same time as the Republican national convention. This arrangement is for the purpose of driving a better bargain for Roosevelt than all."

Colonel Roosevelt again declined personally to comment upon the Gary dinner or to outline his political plans. He curtly refused to discuss the statement of National Chairman George W. Perkins, of the Progressives, that "I am afraid we shall have to draft Roosevelt."

WOMEN LAWYERS OF CHICAGO TO DEFEND GIRLS

(ASSOCIATED PRESS TELEGRAM)

Chicago, Dec. 22.—Thirty women lawyers of Chicago have formed the public defenders league for girls. It was announced today, for the purpose of preventing any girl from being sent to jail for a first offense, subsequently to become the prey of professional bondsmen.

Members of the league will ask Chief Justice Olson of the municipal court to create a special girl's court and appoint a woman as judge.

The women attorneys have agreed to give one day a month to the proposed special court defending young women offenders free.

ALEXANDRIA

J. W. Hanway was a visitor in Columbus on Wednesday of last week.

Mrs. A. D. Miller is ill with grip. Mrs. Anna Reed Overly of Columbus was the guest of Mrs. Mary Barnes over Sunday.

Miss Fronie Carter was called to Granville Saturday by the death of her grandfather, Enos Wilkin.

Miss Mary Landis, who has been employed by Mrs. Lillian Bishop in the millinery store as trimmer, left for her home in Hillsboro Saturday.

Misses Flora Graves, Garnet Keck, Fannie Irwin, Mrs. John Prout and daughter Helen, Mrs. Andrew Boards and daughter Ethel, Mrs. Myrtle Spellman, Mr. and Mrs. E. C. Darnell were among Newark visitors Saturday.

A Christmas cantata will be given by the Baptist Sunday school Friday evening in the Baptist church.

H. J. Carter and daughter Fronie attended the funeral of Enos Wilkin in Granville last Monday.

The most widespread disease in the world

The most widespread disease in the world today is that dread affection of the teeth called pyorrhea. Nine out of every ten grown persons have it to some extent. You may have it and be unaware of it. Why? Because scientists have proved that the cause of this disease is a germ which inhabits every human mouth, and that thousands have this disease and do not realize it until it reaches the advanced stages of bleeding gums and loose teeth.

Accept the advice dentists everywhere are giving and take special precautions in your daily toilet against this disease. To meet the need for such a daily treatment and to enable everyone to take the necessary precautions against this disease, a prominent dentist has put his own prescription before the public in the convenient

form of Senreco Tooth Paste. Senreco contains the best corrective and preventive for pyorrhea known to dental science. Used daily it will successfully protect your teeth from this disease. Senreco also contains the best harmless agent for keeping the teeth clean and white. It has a refreshing flavor and leaves a wholesomely clean, cool and pleasant taste in the mouth.

Start the Senreco treatment tonight—full details in the folder wrapped around every tube. Symptoms described. A 25c two oz. tube is sufficient for six or eight weeks of the pyorrhea treatment. Get Senreco at your druggists today, or send 4c in stamps or coin for sample tube and folder. Address The Sentanel Remedies Co., 507 Union Central Bldg., Cincinnati, Ohio.

MANY A NIGHT CLARENCE LANE WALKED FLOOR

But Nerv-Worth Blessed Him With Sleep Lasting "the Whole Night Through."

A great Nerv-Worth endorsement from a well known home user. It came to Druggist Evans from Clarence Lane, of 124 South 16th street, this city.

"I have taken but one bottle of the wonderful Nerv-Worth and find that it has done me more good than anything else, including several doctors' medicines."

"I have suffered for a long time with that tired, aching, restless feeling, but am glad to say that I feel like a new person after taking only one bottle (of Nerv-Worth). My sleep has for a long time been broken up and I have had to get up three or four times in a single night and walk the floor, so that I could get back to sleep again."

"But in the past three weeks, (since taking Nerv-Worth) have slept the whole night through and feel refreshed and ready to do the day's work."

"Anyone can ask or write me regarding Nerv-Worth and I will be more than pleased to tell more about this reliable medicine."

"Respectfully yours,"

"CLARENCE LANE."

If the offer in the last paragraph doesn't prove Mr. Lane's gratitude, grateful words are useless. Buy Nerv-Worth at Evans' Drug Store. Dollar back if you are not helped.

WARN PUBLIC TO BEWARE OF XMAS FIRES

New York, Dec. 22.—The Safety-First Federation of America, is sending out an appeal to the public to beware of the danger of Xmas fires. Warning is given that if candles are used on Xmas trees they should be constantly watched and a sheet of iron, tin, or zinc should be placed beneath the tree to catch the drippings from the candles. "Don't use any inflammable material in decorating the tree," reads the warning. Cotton batting particularly should be avoided.

Protect all gas lights with a globe or screen.

"Don't decorate electric light globes with paper."

"Have several pails of water handy in case the unexpected should happen."

"If any one's clothing takes fire, smother the flames with a rug, blanket or coat."

BLIND READ THE UNCENSORED NEWS OF EUROPEAN WAR

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 22.—Miss Helen Keller and other blind persons in the United States are obtaining uncensored news from the capitals of belligerent nations in Europe in newspapers published for the blind in London, Paris, Berlin and Vienna, according to Miss Keller. The newspapers are not censored she says, because they are printed in shorthand braille, a point type used for the blind which the censors are unable to read.

"These uncensored accounts of conditions in the warring countries tell me the true sentiment among the working people and the intolerable conditions that surround them," said Miss Keller. "Their hearts are almost at the breaking point."

Miss Keller made this explanation to show how she obtained information concerning the war disclosed in a speech she made recently on preparedness.

XMAS CHEER FOR SAILORS WILL BE LATE

Philadelphia, Dec. 22.—The transport Prairie, which was to have sailed from here yesterday with 100,000 pounds of turkey for the thousands of sailors marines stationed in Haiti, will not get away until Thursday or later because of a broken topmast and consequently will not reach Haiti until after Christmas. Presents for the naval force from friends and relatives in this country as well as 500 buckets of cranberries and 5,000 pounds of candy also are aboard the Prairie.

NEIGHBORHOOD PRAYER MEETINGS

The neighborhood prayer meetings will meet this week at the following homes for prayer and Bible study on Thursday morning at 9 a. m., neighbors are very welcome to these meetings which are proving a real spiritual uplift, and reports come to hand from the leaders who have shown great fidelity to these meetings in their divisions, whilst the members stand by them nobly.

Topic for this week—"The Pre-eminence of Jesus."

Division 3—Mrs. Grant Jones, 396 Indiana street.

Division 12—Mrs. Shaw, Leonard street.

Division 13—Mrs. Swartz, Boner street.

Mrs. Davies—80 Chestnut street.

Topic for next week—"Jesus the Satisfying Portion of Life."

Christmas Opportunities.

1. Shoes—

A woman, mother of seven children, hard worker, and having to go out in shoes that are broken, soles through, tops worn out. She came to the office to ask for a pair any style, if only it would keep her feet dry and warm.

A sick man, growing worse from wet feet, too ill to earn a pair of shoes in a month, and trying to help his mother support a family.

A workman, shoes all open, feet wet and cold from morning till night, with sore throat and cold threatening serious illness.

Two children, sick and out of school, from exposure and wet feet. These cases can be multiplied.

2. Underwear—

A man who works out in the cold, has rheumatism and no underwear. Did you ever try going out on a winter day without underwear? Coarse rough trousers—don't keep one very warm. Try it. Then remember that there are many men, women and children in Newark who have no underwear.

"Why are they so destitute," you ask? One reason is that some have depended upon charity to help them through the winter for generations. They have the habit and don't know how to break it. Another, and the common reason, is that the past year of irregular work has exhausted supplies, all credit, and are in debt. It will take a year of good work for them to get back to normal.

We can help them over this interim and encourage them to persevere. Gifts of shoes, hose and underwear are not expensive but, carefully distributed, go a long way toward saving wages for rent, fuel and groceries. Such gifts are needed. Also gifts of money to enable us to purchase new supplies.

Special funds should be remitted to this office, but contributions to the general Christmas tree fund should be sent to the newspapers.

WM. E. HOPKINS,
Superintendent.

PASS NUMBER OF
FORGED CHECKS

(ASSOCIATED PRESS TELEGRAM)
Toledo, Dec. 22.—"We have kited hundreds of dollars' worth of checks since we left Chicago six weeks ago," today said Walter Hollis, 19, who was arrested here for attempting to pass a forged check. Hollis and Claude Mason, 19, pleaded guilty of forgery and were held to the grand jury.

Hollis says his father is J. Finley Hollis, of the Fidelity-Phoenix Insurance company, 173 LaSalle street, Chicago.

Mason said his father is Frederick Mason, paint dealer, Cottage Grove avenue, Chicago.

Hollis said: "We couldn't get money enough in Chicago to enjoy the high life that we wanted. We've been somewhat successful."

Prince of Tonight.
Indications point to a record breaking house for the engagement of the gorgeous musical spectacle "The Prince of Tonight" at the Auditorium, matinee and night, Saturday, Dec. 25.
This popular musical fantasy has been meeting with such marked success that the desire to see it is the same everywhere, and this city is no exception to the rule. The production is a Le Comte and Fletcher offering, and one may expect much in the way of good music and clever people, especially when the splendid baritone Tom Arnold heads the cast. Chicago placed the stamp of approval on "The Prince of Tonight" by extending it a prosperous run of 260 nights and from the day it began its road tour the business has been capacity.

"Damaged Goods" at the Alhambra.
"Damaged Goods," the famous Brunn drama will be shown at the Alhambra today and tomorrow. This remarkable story when presented on the stage caused one of the biggest sensations the nation has ever seen. The motion picture is even more remarkable than the speaking stage play because it tells more of the inner mysteries of the plot than was possible on the stage. The story of the plot is centered about a young man known to the plot as "George Dupont"—the role taken by Richard Bennett, the star of the stage drama. The action of the picture play shows how this young man, well born, well reared, an honor student at his college, is lured into adoration that leads him to spend the night with a woman of the half world. It is not long before he discovers that the "undiscovered" has brought a horrible punishment upon him. His situation is rendered all the more pitiable by the fact that he is engaged to a decent young woman. A long delay in the wedding is bound to set tongues wagging, and this is in no way helped by the fact that he is now in the dress of a "peep" who is about to be hanged. He tries to commit suicide but is rescued by a girl who was his undoing, who in the meantime has been redeemed. She tells him of a specialist who can cure him. Dupont is shown through a hospital by way of giving him evidence of what the ways of his sin may be. "If you follow my instructions it is certain that in two years you will be safe," the doctor tells him. But Dupont listens to the only promises of a quack and believing himself cured in a few weeks is married. The rest can indeed be told much better in pictures than in words. "Damaged Goods" will be shown continuously. 1:00, 2:45, 4:30, 6:10, 8:00 and 9:45 o'clock.

Footlight Flashes.
The fifteenth performance of "The Eternal Magdalene" will be celebrated tonight at the Forty-eighth street theater by the formal announcement that hereafter Julia Arthur will be the star of the piece, instead of its featured player, and that the engagement has had the limit taken off it and thrown away. The success of Miss Arthur and the play have made the consideration of moving them indefinitely postponed.

"Under Fire," Roi Cooper Mearns' war play at the Hudson theater, will have its 150th performance on Thursday. When the players inquired what would be done suitably to commemorate their long stay, they were told of the party foisted on Arch Selwyn by Frank O'Malley, and that they could content themselves with that.

"Rolling Stones," Edgar Selwyn's comedy of adventure, the 150th performance of which takes place at the Harris theater on Tuesday of next week, has also been served notice that the one party would have to do for everybody.

In the six weeks of hilarity which "Fair and Warmer" has been making at the Eltinge theater, there has not once been a vacant seat at any performance, and the advance sale promises that as much can be said of its next sixteen weeks—maybe months.

Zelda Sears, George Sidney, and "The Show Shop," James Forbes' comedy of the stage in which they are featured, made the hit of the season in Baltimore, where the critics got out all their choicest praises and sang them in unison.

"Twin Beds" ends its long run at the Park Square theater in Boston and goes to Pittsburgh en route to Chicago this week.

"Work" is Watchword of Nance O'Neil.

"How do you feel about your new venture in the motion picture world?" an interviewer asked Nance O'Neil, the star of William Fox's latest production, "A Woman's Past." Miss O'Neil will be recalled as the bright and particular light of such other William Fox successes as Kreutzer Sonata, Princess Romanoff, and other noteworthy features.

"Why, the work is delightful," replied Miss O'Neil. "I love it because it is work. To me the most appalling thing in the whole scheme of creation is idleness. My picture of hell is a place where there is nothing to do and nothing to think about—mental starvation, in other words. Everyone must have work and toil at it. Work is happiness. Lack of it—stagnation." Auditorium Wednesday and Thursday.

Notes of the Plays and Players.

Helene Rosson, the 17-year-old American ingenue, is the latest of the "Flying A" contingent to be bitten by the well-known motor bug.

Ed Watt has been added to the American corps of directors. Mr. Watt is producing the one-reel comedies in which Orrol Humphrey is starring. "To Be or Not to Be" is picture No. 1.

"Time and Tide," a "Flying A" comedy featuring Alfred Vossburgh and Nell Franzen, shows clever use of the ebb and flow of the tide in Santa Barbara bay.

Vivian Rich's thousands of admirers will be treated to a revelation when they view their favorite in her latest production, "Matching Dreams." It is a distinctly novel photoplay. Helen Holmes had never driven a

speed launch until last week and then not until she tried it in a screen. She had leaped from a cliff into the ocean, and the action required her to swim to the speed launch, start the engine and engage in a mad race with an express train. She accomplished the feat in such a handy fashion that it is declared to be one of the big thrillers in "The Girl and The Game."

George McDaniels, the "heavy" in "The Girl and The Game," made a leap from an auto onto the steps of a speeding train last week, doing the stunt for the first time in motion pictures. Both auto and train were going at a high rate of speed.

New York Theatre Review.

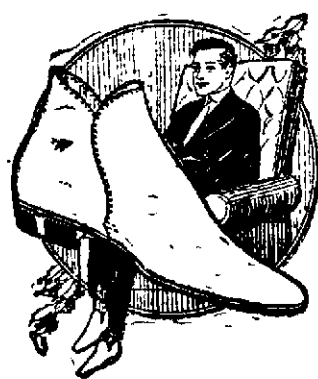

(By Dixie Hines.)

New York, Dec. 22, 1915.—The long deferred activity in the local theatrical situation began this week with avidity. For the past fortnight our weekly novelties have been restricted to the repertory productions of Emanuel Reicher and his notable and successful production of "The Weavers" at the Garden Theatre, and Grace George and her equally successful production of "Major Barbara" at the Playhouse. This week, however, we begin with a revival of "Peter Pan" with Maude Adams in the role of the whimsical sprite who brings good cheer to all. Following "Peter Pan" Miss Adams will revive other plays in her repertoire which have been so closely associated with her past stage work.

The new plays scheduled for Christmas week are the following: Thursday—At the Forty-fourth street theatre, "Katinga," a musical play by Otto Hauerbach, with music by Rudolf Friml, and a cast including May Naudain, Edith Decker, Adele Rowland, Alber Sackett, Franklin Ardell and a host of others, assembled by Arthur Hammerstein. On the same evening the long deferred production of "Very Good Eddie," made over from the farce of "Over Night," popular for several seasons. The book of this new musical play is credited to Philip Bartholomae and Guy Bolton, the lyrics to Schuyler Green and the music to Jerome Kern. Ada Lewis, Anna Orr, Ernest Truzy, Alice Doyet, Helen Raymond, Jack Hazzard, John Willard and others are in the cast, and the original list of characters has been materially extended. Elizabeth Marbury and Ray Comstock are responsible for the production.

Saturday—Christmas will develop "Ruggles of Red Gap" by Harrison Rhodes, made up for stage purposes from the stories by Harry Leon Wilson, with musical additions by Edmund Romberg and lyrics written for the occasion by Harold Atterbridge, Ralph Herz, Louise Glosser Hale, Lynn Pratt, John Howard, Lionel Pope, Jessie Ralph and a host of others are in the cast assembled Gaby Deslys will make her appearance at the Globe in a new musical affair called "Stop, Look and Listen." The ever reliable Harry Smith wrote the book and Irving Berlin the music and lyrics. Besides the imported "Hilly" Frank Labor, Harry Fox, Joseph Stanley, Florence Tempest, Marion Sunshine, and twenty-five others have their names on the Billingham programme. It is observable that save for Miss Adams, we have no choice but musical plays for the merry Yuletide.

"The Eternal Magdalene" at the Forty-eighth street theatre with Julia Arthur, Louise Randolph, Clare Burke, Dodson Mitchell and others. It has a certain interest, and is proving popular. Miss Arthur is not at her best in this. "Sadie Love" is at the Gaiety, but there is really no good reason why she should be except that Marjorie Rambeau is very clever.

"The Quality Goes IN Before the Name Goes ON"

What To Look For In Buying A Piano

Remember a Piano is, first of all, a musical instrument, not merely a piece of furniture. It must have the musical qualities as well as beauty of design and finish. Decide first on Tone, Action and Durability—select design and finish afterward.

Crown Pianos

are built for lasting musical quality. Perfection of tone is the reason for every part, every bit of workmanship, every careful refinement in construction. The very purity and strength of tone show superior quality. It does not take a trained musician to appreciate the tone of the Crown Piano. All music lovers recognize its beauty.

The action transmits the touch of the fingers to the strings. It must respond accurately to every variation.

To show sensitiveness of action, try getting a soft tone by a very light touch with the "loud" pedal on then loud crashes to show its strength and wide range of possibilities. Try quick repetitions on the same keys to test the elasticity. These tests show the superiority of the Crown action.

Don't buy the first piano you look at. The more you investigate the more you will appreciate the Crown.

Send for our booklets telling more about how to select a piano. They are FREE.

FINE TIME ENJOYED AT ELKS' CLUB

After the regular meeting of the Elk lodge last evening, a delightful social session was held, the members being treated to a sugar-cured ham luncheon, the same being provided by Wm. H. Broome, one of the trustees of the order. Mr. Broome has a reputation as one of the best fellows on earth and he has a reputation of being an expert on "putting up" meats, and his samples last evening fully demonstrated that he is entitled to the same.

An appetizing menu was prepared by Col. Billy Hohl, club steward, and the hundred Elks present convinced Steward Hohl that his effort in their behalf was appreciated. The genial steward and assistants saw to it that everyone had plenty to eat.

A program of music helped pass the time away and several of the members in impromptu remarks thanked Mr. Broome for his kindness and the latter responded with one of his flowery after dinner speeches for which he is noted.

Exalted Ruler James R. Cooper announced that the first Elk minstrel rehearsal will be held in the lodge room January 2, and that all Elks are expected to participate this year, as but a limited number of non-Elks will take part. He told of the plans in preparation, assuring them that this season's show would be along lines never heretofore attempted in minstrelsy. The minstrel will be staged magnificently, Mr. H. D. Hale, chairman of the committee, leaving for Philadelphia in a few days to contract for the costumes and stage settings. The former will be gorgeous and will also be novel, something seen for the first time in any minstrel show. A professional costumer will also be engaged to look after the "making up" of the various performers.

Exalted Ruler Cooper also announced that Tuesday, January 4, 1916, would be "Roll Call Night," and he hoped to see every Elk in the city present. At that time professional entertainers will be secured from one of the city cabarets, and a social session with an excellent luncheon will be the feature to start off the New Year.

PRISON OFFICIALS SNEEZE AT PACKAGE SENT TO A CONVICT

Columbus, Dec. 22.—A large package of snuff arrived at the penitentiary yesterday, with a "Don't open until Christmas" label across its top. It was assigned to Miss Olezniczak, who is known at the penitentiary, for various obvious reasons, as "No. 43,569." Snuff is not allowed to be delivered to prisoners.

However, in examining the contents of the package, which was broken, Clerk Stout, who always delights in playing a prank, turned to Record Clerk C. L. Tuttle with the remark, "My, this cake smells good." He put the broken package invitingly, also dangerously, near Tuttle's nose.

"He sneezed in every key," said one of the office attaches in relating the incident later.

MME. SARA BERNHARDT SAID TO BE DYING; CONGESTION OF LUNGS.

London, Dec. 22.—Sarah Bernhardt is reported to be dying, according to a dispatch from Paris to The Telegraph.

Mme. Sarah Bernhardt has never fully recovered from the shock following the amputation of a leg last February. Reports of an improvement in her condition were invariably followed by others that her health was failing. On December 5 she became seriously ill, her physicians announcing that she was suffering from congestion of the lungs. Mme. Bernhardt is now 71 years old.

Knocks Catarrh Also Colds, Croup and Sore Throat

There is nothing more generally used now for Colds, Croup, Nasal Catarrh, Hay Fever and kindred affections than simple sensible NOSTRIOLA, which is sold and recommended by all reliable druggists.

NOSTRIOLA is intended to open air passages, soothe, cleanse and purify the membranes; also stops running at nose and dropping of catarrhal poison into the stomach.

The nostrils and air passages are the breeding places for the Catarrh, Hay Fever and other disease-breeding germs, and a few applications of NOSTRIOLA will give you a pleasant surprise. Try it and see! A small tube will be enough to try. Ask your druggist about it and get NOSTRIOLA today.

ALL KINDS OF WEATHER.

Indicate the use of Sheeran's Cream of Quince Seed. It soothes, comforts and adds new life to the skin exposed to winter weather. It excels in keeping the face smooth and clear and the hands soft and white. Price 25c. Evans Drug Store.

FARMERS' WEEK AT UNIVERSITY OPEN TO ALL

Two thousand Ohio farmers will leave their farms the first week in February, 1916, and enroll in Farmers' Week at Ohio State University. After five days—after they have attended over 60 lectures, demonstrations and courses, and after the members of the agricultural faculty, and from the Ohio Experiment Station, leading men in farming work in Ohio and other states and from the U. S. Department of Agriculture have covered the entire field of farming, they will return to their homes throughout Ohio, better able to farm and to enjoy life on the farms.

Last year's attendance of 1440 doubled the number who attended two years ago. Indications point to 2000, as the number of farmers who will attend and preparations have been made by securing additional speakers, and additional buildings, and by having from one to six different courses at each hour to give every farmer who attends the chance to get the "most of the best" during the five days in the subjects and branches of farming that interest each man. Home economics courses will also be given for the wives of the farmers who attend.

No previous training is necessary to enroll in the week and every part of the work is designed to be practical and valuable. Parents of students now enrolled in the university and graduates of the agricultural college are among the numbers who attend Farmers' Week each year in order to keep in touch with the progress of farming work. Fathers of boys who won prizes and highest honors in the stock-judging contests at the county fairs will come with their boys to Farmers' Week, where both may secure additional training and where the 126 winners from the 42 states will take part in a state judging contest.

Because the farmers of Ohio demonstrated that they believed in Farmers' Week is the reason why many more speakers, additional features, more lectures per hour and greater preparation is being made for the coming five day course. The entire faculty of the college and the buildings of the University will be used so far as needed to make the week of greatest value to all who attend. From 8 a. m. until after 9 a. m. each day, the program is practically continuous, including moving pictures each day at the noon hour. The entire week is free to all and the total cost of board and room in Columbus will be about five dollars.

Programs of different associations of farmers, which meet annually during Farmers' Week, will be open to interested farmers who wish to attend. Livestock men, dairymen, gardeners and vegetable growers meet during the five days. Institute workers gather on the second day, Tuesday, February 1, and have a program including three minute talks by leading speakers. The annual Ohio State Corn Show is held during the five days and the six and eight weeks' courses are in session.

Among the men secured to assist in the work of giving Ohio farmers "the most of the best" the quickest are Dean H. L. Russell of the University of Wisconsin, E. O. Fippin, agronomist, New York State College of Agriculture, James E. Rice of Cornell, O. H. Benson of the U. S. Department of Agriculture, and Governor Willis of Ohio, in addition to the leading men in farming work at the Ohio Experiment Station and throughout the state.

"All Farmers' Week preparations have been made this year on the basis of the enthusiasm and results of the last year. Farmers want the week to be the biggest week of the year. That's why we are justified in having the best speakers and making our program for each day—day everything possible to make the week as valuable," said Clark S. Wheeler, Extension Supervisor. Extension Supervisor Clark S. Wheeler has the Farmers' Week representatives in charge.

As a Vivian recently stated that the whole state was our campus. The truth of that statement is going to be demonstrated clearly again next week. We invite farmers to come to attend because we know the five days will be well worth while to all who come, because we know it will mean better farming and better living on the farm.

Included on one day's program during the week are such widely different subjects as the following: Auto trucks, feeding of ducks, neglected woodlands of Ohio, killing and dressing poultry, the home orchard, testing and judging eggs, soil moisture, producing milk at a profit, feeding for egg production, judging swine, and boys' and girls' club work. Each day's program has the same wide range of subjects from which the farmer can choose.

Send for a complete program, which will be published in a few days, to Clark S. Wheeler, Supervisor Extension Service, Ohio State University, Columbus, O., and plan to spend the first week in February, from January 31 to February 4, at Ohio State University, where Farmers' Week is held.

EVERY THREE MINUTES ONE DIES IN THE U. S.

The Anti-Tuberculosis Society illustrates the frightful toll of consumption by extinguishing a light every three minutes, and shows that it is the man or woman, girl or boy, who neglects colds, whose blood is impure, who feels weak and languid, who is the very one to contract tuberculosis—and none are immune.

During changing seasons, or after sickness, blood-quality is most important, and if you and your family will take Scott's Emulsion after meals it will charge your blood with health-sustaining richness, quicken circulation, and strengthen both lungs and throat. Scott's is free from alcohol—easy to take—it cannot harm. Get a bottle to-day. Scott & Bowne, Bloomfield, N. J.

CHRISTMAS TREE FUND GROWS SLOWLY; ONLY FEW MORE DAYS

Newark's Municipal Christmas tree fund is growing slowly. It has now passed the \$40 mark but is still short of the amount necessary to extend relief needed in a number of cases.

It is true that there is not much want this year as usual but there are cases of destitution which require attention. This Christmas tree fund in the past has always accomplished much good and it certainly will this year.

Send your Christmas tree donation to the Advocate or American Tribune and help provide Christmas cheer for the poor.

SPANISH BASSO IS SCENARIO WRITER FOR THE MOVIES

New York, Dec. 22.—Andres de Segura, the Spanish basso, who has been one of the principal artists of the Metropolitan Opera company for several years, in addition to being a business man, lawyer and a man of attainments in artistic lines, has now come to the fore as a writer of scenarios for motion pictures. The Mirror Film, Inc., has just purchased a six reel feature written by the singer in collaboration with Maria de Sarlabous, wife of a prominent New York throat specialist. The story has to do with an almost unknown phase of the early Napoleon and is called "The Sin of Napoleon."

Previous to becoming identified with the Mirror Film, Inc., as one of the board of directors, Signor de Segura had been studying the photo-play for many months and had written a number of scenarios. He has been of literary turn of mind all his life and the training which he received in opera has given him a keen appreciation of dramatic values. He is soon to have a book called, "Through My Monocle" published in this country.

FREEZING ICE IN PANS.

Farmers as well as town folks need ice during the summer months and with a little work and at a expense of only 13 to 20 dollars they can have their own ice plant. The ice plant can be made of galvanized iron, consisting of a double tank with an inner compartment about 10 feet long, 2 feet wide and 12 inches deep. The top of the tank should be slightly wider than the bottom. The inner tank should be divided into six compartments by means of galvanized iron strips. The double tank should be placed near the outdoor pump where it can easily be filled. Being exposed on all sides, the water in it will freeze in from one to three hours. A bucket of hot water poured into the space between the tanks will loosen the cakes of ice each weighing 200 pounds. Fourteen freezings will yield four tons of pure ice, enough to last the average family for a year. The cakes can be packed away in the icehouse as they are frozen.

OUR SYSTEM OF CHRISTMAS MONEY CLUB

ACCOUNTING IS FOR YOUR CONVENIENCE AND PROTECTION

At the right we show a reproduction of the first page of our Christmas Money Club pass book for 5c. Class Going Up.

Pass books for other classes are arranged in a similar manner.

When you join the Club a pass book of the Class you select is given you without charge.

Each week when you come in to deposit, you go direct to the teller and hand him your pass book and money. He will detach the right hand coupon or Deposit Ticket for our records, stamp the left hand coupon "PAID" as a receipt to you, and return the book to you.

You are thus protected by a positive receipt for every payment. The last stub stamped "PAID" shows plainly how much you have paid in all.

The first right hand coupon or Deposit Ticket left in your book shows the amount of your next payment and when it is due.

This system is so simple a child can understand it.

It enables our tellers to wait on all customers very promptly. The first payment is due this week. If you join this week no further payment is necessary until after Christmas. The Club will be open however, until Saturday, Jan. 8th, but if you wait till next week or the week after to start, you will pay up, at the time you join, for the one or two weeks you have missed.
